

## Proposed Revisions to the CCSBT's Catch Documentation Scheme (CDS) Resolution

### 1. Introduction

This paper proposes two revisions to the current CDS Resolution<sup>1</sup>:

- Paragraph 1.2 of the CDS Resolution  
It is proposed that fins are included in the list of examples clarifying what are, “*fish parts other than the meat*”, and
- Paragraph 1.9 of the CDS Resolution  
It is proposed that the current, “*within 7 days of the landing*” reporting requirement for exceptional circumstances related to tagging is revised to become an annual reporting requirement.

### 2. Proposed Revisions

#### 2.1 Paragraph 1.2 of the CDS Resolution

In July 2021 the EU advised the Secretariat it was in the process of transposing CCSBT binding requirements into EU law and that it had a concern regarding how it should interpret paragraph 1.2 of the CDS Resolution with respect to SBT tails and/or fins. More specifically the EU queried whether “*tails*” could be interpreted as referring to only SBT tail fins or potentially to all SBT fins.

Paragraph 1.2 currently reads:

1.2 “*For transshipments, landings of domestic product<sup>1</sup>, exports, imports and re-exports under the jurisdiction of a Member or Cooperating Non-Member or Other State/Fishing Entity Cooperating in the CDS (OSEC<sup>2</sup>), all SBT shall be accompanied by a document described in section 3 of this resolution. There is no waiver of this requirement. However, the exportation/import of fish parts other than the meat<sup>3</sup> (i.e. head, eyes, roe, guts, tails) may be allowed without the document.*”

<sup>1</sup> The term ‘*landing of domestic product*’ means a landing of SBT by a CCSBT-authorized fishing/carrier vessel into the territory of a Member or Cooperating Non-Member whose National Allocation the SBT was attributed against and which issued the CDS documents the SBT are recorded on.

<sup>2</sup> The term ‘*Other State/Fishing Entity Cooperating in the CDS*’ will be abbreviated to ‘*OSEC*’ within this resolution and means a State/Fishing Entity that has expressed its commitment, in writing, to cooperate with this resolution.

<sup>3</sup> Any meat separated from fish parts is considered to be meat in this context.

The Secretariat’s understanding of the intent of the text, “*fish parts other than the meat<sup>3</sup> (i.e. head, eyes, roe, guts, tails)*”, is that SBT fins are not considered to be “meat”. Therefore, the Secretariat proposes that “fins” are added to the list of examples (in brackets) that clarify what are, “*fish parts other than the meat*”.

Proposed revised text (tracked) for paragraph 1.2 is provided at **Attachment A** (Proposal 1) for CC16's consideration.

## **2.2 Paragraph 1.9 of the CDS Resolution**

Following a discussion at the Fifteenth Meeting of the Compliance Committee (CC15), CC15 tasked the Secretariat with, "*preparing a possible revision of the CDS Resolution to extend the timeframe for reporting exceptional circumstances related to attachment of tags from seven days to an annual reporting requirement.*"<sup>2</sup>

This task was further clarified in CC15's Workplan<sup>3</sup> which directed that the Secretariat: "*Develop a proposal for a possible modification of the CDS Resolution (paragraph 1.9) to change the 7-day notification requirement to report annually in CC/EC National reports.*"

Proposed revised text (tracked) for paragraph 1.9 is provided at **Attachment A** (Proposal 2) for CC16's consideration.

## **3. Summary**

It is recommended that CC16:

- Consider and decide whether to recommend making the two proposed revisions to CCSBT's CDS Resolution.
