

Provisional Agenda
Fourth Meeting of the Compliance Committee Working Group
(CDS Review Workshop)
5-7 April 2016
Canberra, Australia

1. Opening of meeting
 - 1.1. Welcome
 - 1.2. Adoption of Agenda
 - 1.3. Meeting Arrangements

2. Development of a Revised Catch Documentation Scheme (CDS) Resolution for the CCSBT

At the Tenth meeting of the Compliance Committee (CC10), the Secretariat presented a paper (CCSBT-CC/1510/09) that included a preliminary review of the CCSBT CDS Resolution conducted at the request of CC9. One of the primary aims of this review was to facilitate the smoother implementation of an electronic CDS (eCDS) should Members wish to progress one in the future. Members agreed with the general direction of the proposed revisions to the Resolution, but noted some concerns as well.

Members also considered that an intersessional process was required to work through the details of these proposed revisions so that CC11 and CCSBT 23 would be in a stronger position to make decisions about them in October 2016.

The Secretariat will produce an updated revised CCSBT CDS Resolution for discussion at this 4th Meeting of the Compliance Committee Working Group (CCWG4). The Secretariat's updated revision will consider the concerns that Members have raised.

3. Other business

Other business may include brief issues such as an update on the contract with CSIRO/TRAFFIC on researching the presence of SBT in the Chinese market, and progress on the 2016 Quality Assurance Reviews (QARs) for Korea and New Zealand.

4. Conclusion
 - 4.1. Adoption of meeting report
 - 4.2. Close of meeting
