

CCSBT-EC/1010/08

REPORT FROM THE COMPLIANCE COMMITTEE

Purpose

To consider the report of the Compliance Committee.

Discussion

The report from the Compliance Committee will consider:

- Reports from the Secretariat and Members on compliance matters and an assessment of compliance with CCSBT management measures.
- Outcomes from the intersessional work on a compliance risk assessment and development of recommendations in relation to the outcomes.
- Review of CCSBT MCS measures, in particular, issues with implementing the CCSBT CDS, and reviewing the operation of the transshipment and VMS measures as appropriate.
- The report from the Joint Tuna RFMO workshop on Improvement, Harmonisation and Compatibility of Monitoring, Control and Surveillance Measures.
- Draft data confidentiality rules and arrangements, and standards and procedures to ensure data integrity.

Recommendations may be made on these matters, which will require the attention of the Extended Commission.
