

CCSBT-EC/1310/07

## REVIEW OF SBT FISHERIES AND ERS INTERACTIONS

### Purpose

Discussion by Members and Cooperating Non-Members (CNMs) on recent activities in the fishery.

### Background

At CCSBT 19, the Extended Commission agreed that annual reporting to the Compliance Committee and the Extended Commission would be in accordance with a revised reporting template. The revised reporting template is available from the CCSBT web site at:

[http://www.ccsbt.org/userfiles/file/templates/Annual\\_CC-EC\\_Reporting\\_Template.doc](http://www.ccsbt.org/userfiles/file/templates/Annual_CC-EC_Reporting_Template.doc)

All Members and CNMs are requested to provide their annual reports in this template and to complete all sections of the template. Please do not leave any sections of the template empty. If information is not available or a system has not been implemented, then that should be stated.

At the meeting, reports will be assumed to have been read. This agenda item is for questions, comments and follow-up discussion in relation to the reports.

The reports for this agenda item are provided as “CCSBT-CC/1310/SBT Fisheries” in the meeting document list.

In addition to the general review of SBT fisheries, three sub-agenda items have been included for discussion within the review of fisheries topic. These are:

- (1) Market Monitoring
- (2) Australian SBT farming operations, including implementation of stereo video monitoring
- (3) Other
